EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Elizabeth Richter on December 12, 2005.

The application has been amended as follows:

Claims 9 and 10 have been cancelled.

2. The following is an examiner's statement of reasons for allowance: The examiner agrees with applicant's arguments presented on page 11 of their remarks presented September 29, 2005 that the apparatus of Lord does not show a division between a heating zone and a reaction zone where no reaction occurs in the heating zone and no heating occurs in the reaction zone. In the apparatus of Lord, both heating and the reaction occur in zones (118) and (120).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
